

# Motor Mechanic Apprenticeships

## Derwent Park

---

Interested in a dealership based apprenticeship and the opportunity for career advancement following the successful completion of your training?

We are now offering the opportunity to join the November apprentice intake at our Derwent Park service facility. Successful candidates will be trained using the latest technology with exposure to dealership operations and in-line with our award winning apprenticeship training program.

If you are interested in a trade as mechanic and wish to join our small, close knit team at Derwent Park you will need to demonstrate:

- Self motivation with a responsible approach to work.
- The drive and ability to always achieve a high standard of workmanship.
- The ability to learn and to follow instructions in a co-operative manner.
- An interest in the automotive industry, especially service and repair.
- The ability to work in, and contribute to a team environment.
- A sound educational background.

A current (or progress towards) driver's licence will be an advantage.

Applications are invited to be submitted to:

Training and Development Coordinator

GPO. Box 170

Hobart 7001

Or Email your resume to [geoffr@motors.com.au](mailto:geoffr@motors.com.au)

Applications close 6th Sept. 2010.
